 - ii. Discussion of question from GIT:

Do some types of undergraduate research count at all toward the five-year work experience requirement for both taking the ASBOG Practice of Geology exam and applying for full license?
 - b. **License Examination** (Williamson, Chair)

Question: Would it be possible at some point, as a kind of perk for having followed through on the GIT experience, to allow those GITs who apply for full license to pay a reduced application fee as they prepare to take the ASBOG Practice of Geology exam?

c. **Compliance** (Perry, Chair)

Question for board consideration: Through a cooperative agreement, the LBOPG office staff send verification of attendance to participants of the LSU Geology Seminars on Friday afternoons during the academic year. This activity is regular and requires little extra effort on the part of the staff, so they are happy to accommodate the LSU faculty who sponsor the lectures. However, some licensees have requested verification of attendance at other local continuing education events that the board does not sponsor and cannot adequately verify. How should the staff handle these requests?
